

10 Ways to be a Leader

Mike Guttridge

L learn to be more of yourself

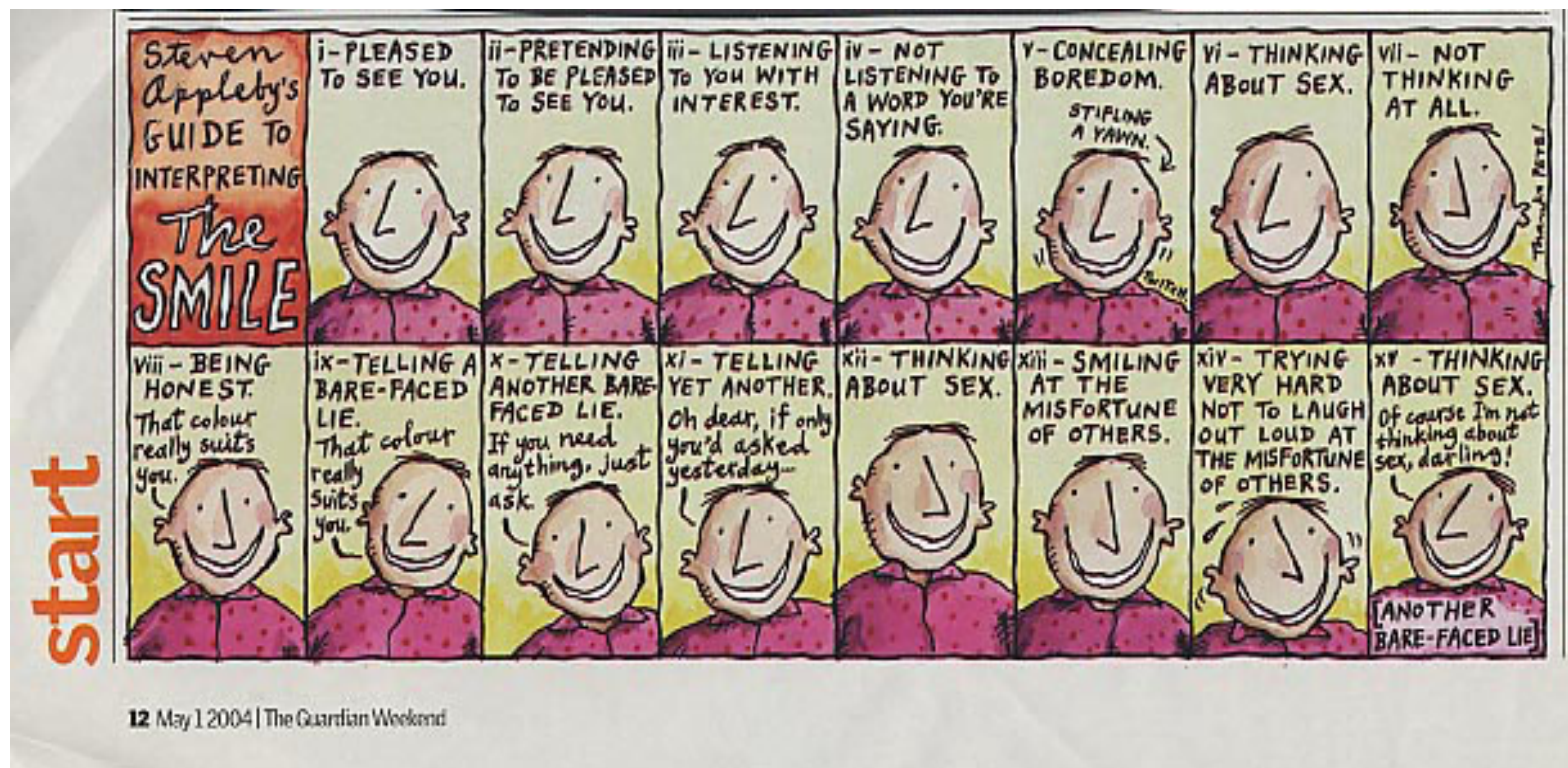

- There is no magic recipe.
- Honesty and authenticity are more compelling than spin.
- Followers want to be led by a person, not a role

E emotional Intelligence is a good thing

Empathising with others is more important than high self-awareness

Ask not what the team can do for you

But what you can do for the team

D demonstrating your strengths gives you credibility.

Denying your weaknesses makes you vulnerable.
DO what you say you will do.

E effective leaders are often seen as enigmatic

They know when to be close and when to be distant.
It's all about relationships in the end

R remember where you came from.

Extract the learning from your experiences

S self-knowledge helps

But a strong sense of purpose is more important

H help others to be leaders

Not followers

I inspire by example

Be the change you
want to see in others

P pay attention

- To your feelings
- To how you communicate
- To how you are seen and heard
- To which medium works best for you
